Dear Ladies and Gentlemen,

Many roads lead to the cloud – even with SAP S/4HANA. Find out what new approaches the “RISE with SAP” initiative opens up in our Commerce Spotlight’s June issue.

In addition, our free checklist about subcontracting gives you valuable tips on how to keep track of inventory and production steps.

Enjoy reading!

Best regards,

Your Commerce Spotlight Team

VIRTUAL EXPERTS TABLE: DIGITAL IDENTITY 2021

Intellectual property crime is not victimless: the economy, consumers and last but not least the environment suffer from the consequences of product piracy. In our web session, we pay special attention to the economic sectors "Food & Supplements" (focus on Russia) and show how the counterfeiting of products can be avoided through digitization.
